75 Members with a combined spend in excess of US \$2 trillion are asking over 7,800 companies to disclose through CDP in 2015

Carbon-intensive materials charge – CDP carbon pricing

CDP monitors the implementation of carbon pricing by companies around the world and has published regular reports and guidance on this topic since 2013.

Carbon Pricing Pathways 2015

Business and investors are calling for robust policies that place a price on CO2 emissions to drive investment in low carbon solutions.

The business case for carbon pricing

Carbon pricing is a powerful tool to prepare for the new, low-carbon economy. It lets companies quickly see – on their books – how different their busin...

Guide to Carbon Pricing Leadership

This Executive Guide is designed for the hundreds of companies who are now completing due diligence on carbon pricing.

Caring for Climate

Caring for Climate

Caring for Climate is a strategic partner to the Carbon Pricing Leadership Coalition led by the World Bank Group.

Regulatory standards – RE corporate procurement

Walmart consumed globally in 2013 ~ 28.9 TWh, which is approximately Denmark's consumption!

4% of WM consumption

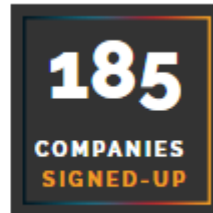

29 TWh < 33 TWh
